VICTORY GARDENS

An American Project

Every garden—no matter how small, offers an opportunity to grow for home consumption a wealth of fresh fruit without displacing the established lawn or garden.

It's a healthful and profitable hobby to confine one's idle time to better garden development. It builds morale and enjoyment that seldom can be measured in dollars and cents.

Plan to plant this fall season and let Mother Earth nurture them in time to establish the roots before the spring season is here.

Fresh Dug Nursery Stock

Now Dormant, Ready for Planting This Fall

THE ADVANTAGES OF FALL PLANTING

Leading Horticulturists, Growers and Nurserymen everywhere recommend it. A few reasons are:

1. Fall-planted trees make root growth during the warm periods of winter.
2. Stock is absolutely dormant in the fall, sometimes in the spring we get warm weather and buds start before stock can be shipped.
3. Trees planted in the fall become well established before spring and start to grow quicker than spring-planted trees.
4. Flowering shrubs set in the fall bloom profusely the first summer.
5. When you plant in the fall you have the advantage of the late fall and early spring rains, rains which very often do not come after spring planting.

It's Easy to Order from Maloney's

Secure Fresh-Dug Nursery Stock This Fall

TERMS: Cash with order is required or stock will be shipped C. O. D. All stock F. O. B. Dansville.

C. O. D. Send 25% of total price with C. O. D. orders. Pay balance on arrival to your express agent or (if freight) to your banker who will have Bill of Lading. **No Discount on C. O. D. Orders.**

HOW TO REMIT. By personal check, express money order, post office money order, bank draft or cash in a registered letter. Please do not send stamps.

SHIPPING SEASON. We ship at the time best suited to your locality, usually October 15th to November 30th. Perennials and evergreens are shipped starting September 20th.

WE GUARANTEE to deliver stock in good condition, up to grade and specifications. If your order arrives in damaged condition, report immediately to carrier and to us. We will correct errors promptly or refund your money.

NON-WARRANTY: No caution is more exacting than ours. We will, with proper proof, replace free all trees, etc., that may prove untrue to label or refund the price paid, but we can give no further warranty.

INSPECTION: Our nurseries are inspected yearly by an authorized state inspector and a copy of our certificate received from the Department of Agriculture and Markets, Albany, N. Y., accompanies each shipment.

Summer Varieties

(Inspected)

ANOKA. New. Beautiful red-striped fruit. Good quality, highly recommended. Bears second year after planting. Mid-August.

EARLY MCINTOSH. For home orchard or commercial use, this is the ideal variety to plant. Tree vigorous grower. It is an annual bearer. Fruit same size, quality and flavor as McIntosh Red. Mid to late August.

LODI. Yellow fruit. Mid-August.

MELBA. New. Bright crimson, good size, pleasantly flavored. Early August.

RED ASTRACHAN. A good bearer, fruit handsome, large, round, covered with deep crimson. Flesh juicy and tender. Good summer apple. Early August.

SWEET BOUGH. Pale yellow. Fine for baking. Mid-August.

YELLOW TRANSPARENT. Tree grows upright, hardy, early bearer. Fruit good size, skin clear, white to pale yellow in color. Flavor very good. Is an excellent cooking apple known to the housewife everywhere. Early August.

Autumn Varieties

POUND SWEET. (Pumpkin Sweet.) Large, yellow, russet apple, very sweet. Late September.

RED GRAVENSTEIN. A new red sport. Differs from the old Gravenstein only in the solid dark red color of the fruit. Early September.

Winter Varieties

BALDWIN. Large, red, crisp, juicy. December-March.

CORTLAND. Beautiful red apple, larger than McIntosh. Matures a month later. Excellent quality, keeps late in winter and can be handled and shipped like the hardiest market varieties. Excellent for culinary purposes. November to March.

DELICIOUS. Large, dark red. November to April.

DELICIOUS, DOUBLE RED. Solid lustrous red without stripes. Fine grained flesh of excellent quality and flavor. A splendid keeper and shipper. Annual bearer, one of the most highly prized winter eating apples. Everyone should have a few trees of this variety. November-April.

5% DISCOUNT for Cash Orders **Save by Ordering Early**

Write your Order. If it totals \$3.00 or more you may deduct a cash discount of 5% on orders mailed before October 15th. This discount applies only to cash orders at catalog prices.

CHOICE APPLE TREES

YOUNG BEARING - WELL ROOTED - VIGOROUS

WINTER VARIETIES—Continued

- GALLIA BEAUTY.** Solid red, high quality. December-May.
- JONATHAN.** Red. Fine commercial variety. November-March.
- KENDALL.** New. Dark red. Fruit large. October to January.
- LOBO.** Larger and darker red than its parent, McIntosh. October-November.
- MACOUN.** Dark red, white fleshed; rich flavor. October-March.
- MILTON.** McIntosh-like but ripens a month before. Fruits pinkish red with heavy bloom. Flesh tender, juicy. Sept-Oct.
- McINTOSH RED.** Hardy, good size, nearly covered with red. Flesh white, tender, annual bearer. Yields large crops. October-January.
- NEW ROGERS McINTOSH.** Solid red McIntosh, classed as one of the most valuable new fruit introductions in years. Annual bearer. Fruit is the same size as the common McIntosh, but is not striped. Flesh white, fine grained, very tender, juicy. Better quality than common McIntosh and hangs better on tree. October-January.
- NORTHERN SPY.** Hardy, striped. Flesh juicy and tender. December-March.
- RED ROME.** Rapidly becoming a leading commercial variety having the same shape and texture with equal or better quality than Rome Beauty. December-March.
- RED NORTHERN SPY.** Red Spy is typical Northern Spy apple except in color. The Red Spy colors a solid bright red without either stripes or splashes. Very popular winter variety. December-March.
- R. I. GREENING.** Fruit large and handsome, smooth, dark green overspread with yellow. More highly prized for cooking than any other apple. Excellent keeper, tree very heavy yielder. December-May.
- SWEET DELICIOUS.** Large and attractive in size, color and shape with the sweet aromatic flavor of Delicious. The variety is an apple for home use, dessert and baking. Sweet Delicious is now voted as our best winter sweet. December-April.
- WEALTHY.** Red, flesh white, sub-acid. October-January.
- YELLOW DELICIOUS.** A bright golden yellow apple. Many say this is the finest yellow apple. Bears young and heavily. The fruit is large, juicy and exceptionally fine quality. Oct-April.
- HYSLOP CRAB.** Fruit large, deep crimson. Desirable for home use and market. Late September.

Locust Lane, State College, Pa.,
May 10, 1942.

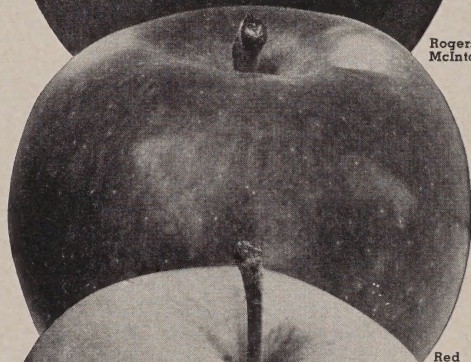

Gentlemen:

The block of McIntosh we got of you some 23 years ago will have another big crop. In 1940 they packed out 900 bushels per acre; in 1941, 600 bushels to the acre. This year, if they set as per bloom, they'll go 900 bushels per acre again. The Stayman, Rome and Baldwin are well up in yield but not equal to McIntosh.

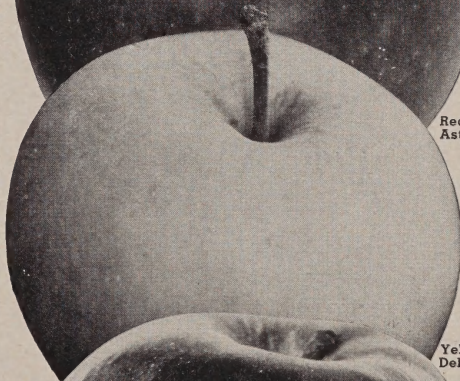

Very truly yours,
MR. F. N. FAGAN.

ORANGE. Best commercial Quince. Large, yellow, fine quality; tree rarely fails to produce a crop. October.

Maloney's Sturdy, Productive PEAR TREES

Grow Pears yourself—know the real flavor of their dense, tender, juice-filled flesh. The pears you buy are picked while still green and ripen on the way to your market—lose the true flavor that makes this the most delicious of all fruits. You get wonderful results with Maloney's Hardy Trees—all are stocky, vigorous. Plant this fall.

BARTLETT. Large, yellow, waxy, rich and juicy; tree hardy, regular and heavy bearer; decidedly best pear for home and market. Early October.

BEURRE BOSCH. Large, yellow, flesh white, rich and delicious. Very popular early winter pear. October-January.

CAYUGA. Large as Bartlett, similar to Seckel in shape and color. Flesh is firm and fine. Mid-September.

CLAPP'S FAVORITE. A large, fine pear; pale lemon-yellow with brown dots of fine texture. Melting, buttery, juicy with delicate flavor. Tree hardy and productive. August and September.

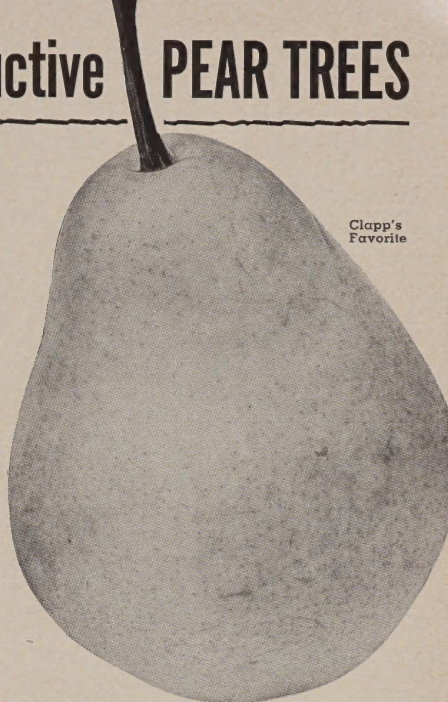

DOUGLAS. New. Large, roundish. Skin yellow blushed scarlet. Blight-proof and frost-proof. Mid-October.

GORHAM. Fruit resembles Bartlett in size, color and shape. Excellent flavor. Mid-October.

KIEFFER. Large, golden yellow. October-January.

SECKEL. Small, yellow, red cheek, juicy, excellent for pickling. Mid-September.

SHELDON. Large, sweet, yellow and green. Early October.

Asparagus - Berries - Plant This Fall

ASPARAGUS

Price: 1-yr. strong plants, 25 for 65c; 50 for 90c; 100 for \$1.40; 500 for \$4.40; 1000 for \$8.00.

MARY WASHINGTON. (Pedigreed.) An excellent rust-resistant variety. Every garden should have an asparagus bed for it is one of the first vegetables in the spring.

DEWBERRY - Lucretia

Berries extra large, long, glistening black. Flavor sweet and delicious. Hardy and disease resistant. Early ripening variety. Early July.

Price: 1-yr. No. 1, 15c each; 10 for 70c; 25 for \$1.25; 50 for \$2.00; 100 for \$3.50; 500 for \$12.50.

898 Ray Ave., Union, N. J.
May 19, 1942.

Gentlemen:

Received my trees, also the asparagus, last night. I am writing to let you know that I am very pleased with my trees—did not expect anything nearly so nice. I will surely recommend your trees to anyone.

Very truly yours,
MRS. J. H. REUTER.

YOUNGBERRY

Price: No. 1 plants, 10 for 90c; 25 for \$1.85; 50 for \$3.00.

A new berry! Combines all the best qualities of the raspberry, blackberry and dewberry, to achieve a rich, spicy flavor that is unsurpassed for tastiness. Youngberries are large, practically seedless, so full of juice they are perfect for jelly, canning or eating fresh. Tremendous bearer. Mid-July.

BLACKBERRIES

Plant Blackberries along fences and lot lines and turn waste garden space into profit. For home and market use.

Price: 1-yr. No. 1, 25 for \$1.50; 100 for \$3.75; 500 for \$13.00; 1000 for \$22.50.

BLOWERS. Large, jet black. Hardy and productive. Start to ripen in July and continues late.

ELDORADO. Largest hardy blackberry; free from rust. Berries large, jet black; borne in clusters; sweet, melting, no hard core. August.

Sensational New BOYSENBERRY

This is the berry which has created such a sensation throughout the United States. A tremendous bearer of immense berries, often 1½-2 inches long, of the highest quality. No matter whether used fresh or canned or in pies or jelly, it stands supreme. No other berry has ever been received so enthusiastically or planted so widely. Late July.

Price: 1-yr. No. 1, 3/16 in. and up, 15c each; 10 for \$1.20; 25 for \$2.20; 100 for \$6.50; 50 for \$3.50.

FRUITING AGE TREES

Extra-Large *Fruiting Age Apple Trees*

Heavy rooted specimens 7 to 8 ft. tall—beautifully branched with upright sturdy stems.

All ready to take hold and transplant this fall. The envy of your friends and a source of constant pride and profit to yourself.

These trees are grown to make sure they will be transplanted successfully without set-back to their growing and bearing power. By our method of transplanting in the nursery, heavy fibrous roots are formed, the wood hardened and fruit spurs started. This means you get a tree true-to-name, developed and trained to grow quickly. A tree that is far superior in vigor and fruitfulness than one of unknown quality.

Fruiting Age Trees

ALL SUPER SELECTED

Price: \$1.50 each; 5 for \$6.25.

Available in the following varieties of apples. Seven to eight feet in height.

Cortland. Red.

Macoun. Red.

Kendall. Red.

Milton. Red.

Rogers McIntosh. Red.

For further descriptions, see pages 2 and 3.

Giant Size

EXTRA HEAVY TREES

Pears—Plums Sweet Cherry

Price: \$1.35 each;
5 for \$5.75.

These trees have made phenomenal growth in the nursery row, all are beautifully branched and grown in the life-giving soil of "old Dansville."

It's these trees that are planted in the fall that will bring you a season earlier fine ripened fruit as additional food for "Victory."

Pear. Bartlett, Clapp's Favorite, Beurre Bosc.

Sweet Cherry. Black Tartarian, Napoleon.

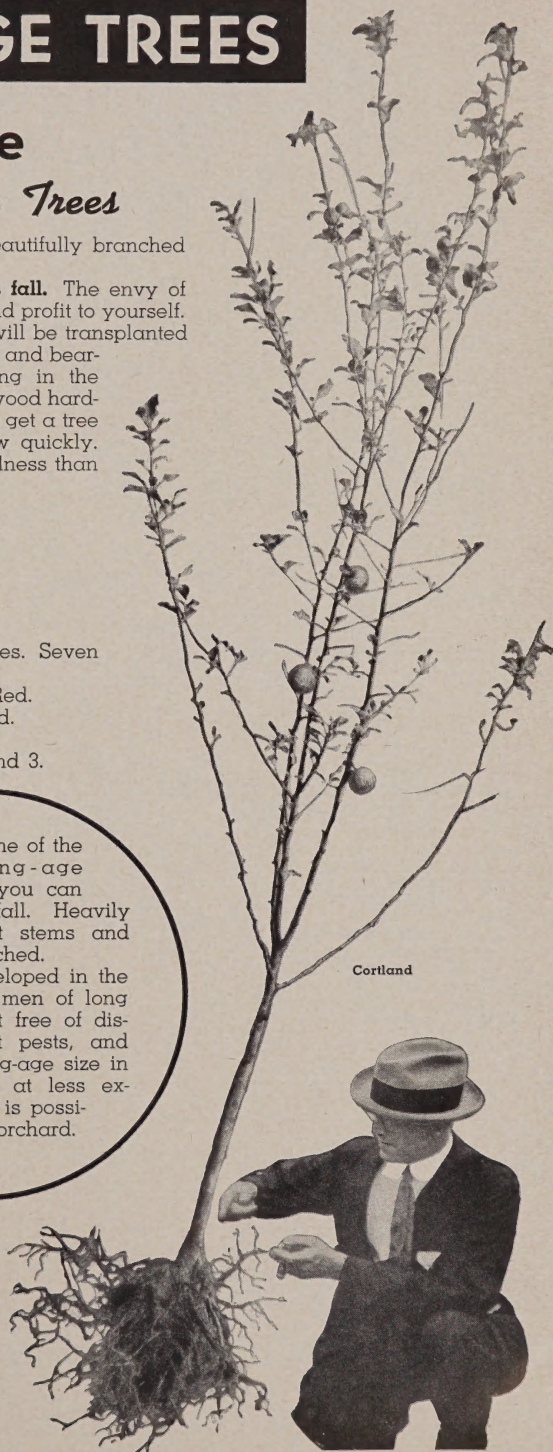

Plum. Bradshaw, Burbank.

For descriptions of above trees see pages 4 and 5.

HARDY NORTHERN GROWN ALWAYS YOUR BEST BET

This is one of the big fruiting-age trees that you can "set out" this fall. Heavily rooted, straight stems and beautifully branched.

Trees are developed in the nursery row by men of long experience. Kept free of disease and insect pests, and brought to fruiting-age size in better condition, at less expense, than is possible in an orchard.

The lovely little Miss standing alongside the Dwarf apple tree, and the tree, are both two years of age.

5% CASH DISCOUNT

Save by Ordering Early

Write your order. If it totals \$3.00 or more you may deduct a cash discount of 5% on orders mailed before October 15th. This discount applies only to cash orders at catalog prices.

Now! Real Diminutive FRUIT TREES to Grow in Limited Spaces

Some Fruit First Year—Read Descriptions
Below

Yields full standard size fruit on very dwarf trees, exceptionally compact, fruitful and decorative. The perfect tree for lawn or garden.

Plant, leaving bud union one inch above ground.

DWARF APPLE TREES

	Each	Five	Ten
2-yr., 3-4 ft.	\$2.00	\$8.75	\$15.00
1-yr., 2½-3 ft.	1.50	7.00	12.50

MALLING IX. Full dwarf. Bears fruit usually first year set. Height at maturity, 5 ft. Very popular for lawn and orchard.

MALLING I. Semi-dwarf. Sturdier tree than No. IX. Bears second year after planting. 8-10 ft. at maturity.

MALLING XIII. Semi-standard. Slightly smaller than a free growing tree, probably reaching the height of 15 ft. Bears third year after planting.

CAN FURNISH FOLLOWING VARIETIES IN MALLING I, IX AND XIII: Cortland, Early McIntosh, Lodi, Pound Sweet, Double Red Delicious, Rogers McIntosh, Red Northern Spy and Yellow Delicious.

For description of above varieties see pages 2 and 3.

red. Fruit very large, firm
and does not crumble.

Plants vigorous, hardy and practically
mosaic free. Early July.

SODUS. Purple. Berries very large, firm,
and good flavor. Much more resistant to
drought than Columbian. Mid-July.

ST. REGIS. Red everbearing. One of the
best. Berries are very large.
Starts bearing mid-June and
continues until frost.

TAYLOR. New Red Rasp-
berry from New York
Experiment Station.
Long conical shape,
firm thick flesh, flavor
excellent. Larger than
Latham and one of the
heaviest bearers we
ever have seen. Very
early July.

Sodus Purplecap

Latham Raspberry

Whitesboro, N. Y.,
May 5, 1942.
Dear Sirs:
The stock came Monday, 4 p. m.,
and was all planted at once. The
bushes were very fine and am sure
every one will grow.
Yours truly,
MRS. H. MATHEWS.

Blueberry

The Thorobred BLUEBERRY

3-Year, 18-24"—Will Fruit First Year Planted

These giant, cultivated Blueberries are the result of scientific breeding by
State Experimental Stations and are far superior to the ordinary wild Blue-
berries. Two to six bushes in your garden will furnish your family plenty of
berries for fresh pies and canning. Highly profitable when grown for market.
Two varieties should be planted to pollenate.

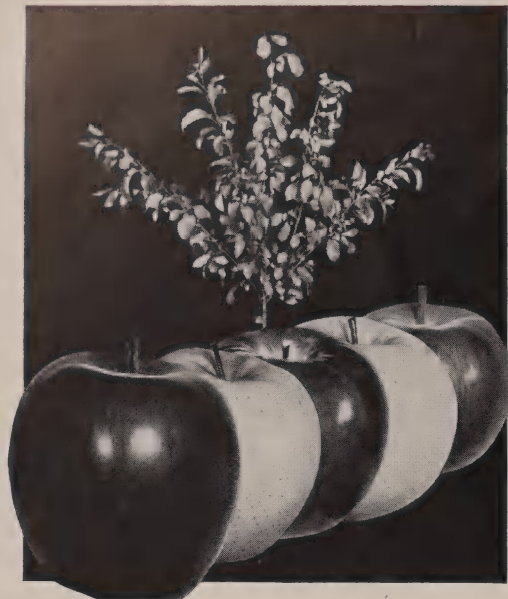

Price: \$1.35 each; 5 for \$5.65; 10 for \$9.95.

CABOT. The earliest variety to ripen. Berries have a delicious sub-acid
flavor. Plants seldom exceed 3 feet in height, making a broad, low bush.

CONCORD. High bush, berries large, well-flavored, and attractive in appear-
ance. Midseason.

RANCOCAS. Upright grower, vigorous, hardy, fruit very fine flavor. Fruit
medium to large size. Sets very heavy crop of fruit buds. Midseason.

RUBEL. An upright, vigorous grower. Ripens about two weeks later than
Cabot. A dependable year-after-year producer. Late.

5 in One

Grow Five
Different Varieties
On One Single Tree

FRUIT TREES

Yes, Mr. City and Suburban home owner, here is the one-tree orchard you have been waiting for—it takes up no more space than an ordinary fruit tree. Early varieties ripen late August; late varieties keep until late spring. **Price:**

5 to 6 ft. trees, 2-year, \$2.00 each; 3 for \$5.25.

Your choice of varieties alike or assorted.

Five-In-One Trees

CHERRY TREE. Black Tartarian, Napoleon, Windsor, Schmidt's Bigarreau and Gov. Wood.

APPLE TREE. Rogers McIntosh, Anoka, Pound Sweet, Double Red Delicious and Cortland.

PEAR TREE. Bartlett, Clapp's Favorite, Seckel, Sheldon and Beurre Bosc.

ROSES - 2-Yr. Field-Grown Heavy Rooted

Fall is an excellent time to plant Roses. Plant and allow the roots to be established this fall and you will be rewarded with many additional fine blossoms from June to frost.

HYBRID TEA ROSES

2-Year No. 1 which will bloom next summer.

Price: 68c each; 5 for \$3.25; 10 for \$6.00.

DAME EDITH HELEN. Excellent shape, double, glowing pink. Fragrant.

EDITH NELLIE PERKINS. Rich copper bud, moderately double flower, salmon-pink flushed with orange.

ETOILE DE HOLLANDE. Velvety crimson, very fragrant.

ETOILE DE FRANCE. Rich crimson with rounded center of vivid cerise. Strong, free bloomer.

FRAU KARL DRUSCHKI. (Hybrid Petard). Large snowy white blossoms.

KILLARNEY WHITE. Large, snow-white; double.

MEV. G. A. VAN ROSSEM. New. Vivid orange and apricot buds. Flowers brownish yellow, shaded apricot-pink.

MRS. PIERRE S. DU PONT. Reddish gold buds opening to semi-double fragrant flowers of deep golden yellow.

PRESIDENT HERBERT HOOVER. Lovely combination of cerise, pink, flame, scarlet and yellow.

TALISMAN. Combination shadings of apricot, gold, deep pink.

CLIMBING ROSES

Best When Planted in the Fall

2-Year strong plants.

Price: 60c each; 3 for \$1.65.

Blanket porches, trellises, fences with Roses. Choose climbers for billows of brilliant bloom. They are filled with fragrance and add beauty to your home and garden.

DOROTHY PERKINS. Soft shell-pink, small, crinkly, in large clusters.

PAUL'S SCARLET. Large, vivid scarlet-red. Will not fade.

PRIMROSE. New hardy climber which blooms profusely with large, double, canary-yellow flowers.

Climbing Rose

Hybrid Tea Rose

MALONEY'S

"Stagreen" EVERGREENS

All-Year Green Foliage

Truehedge Columnberry

THE CREEPING CLIMBING VINES

Maloney's strong, vigorous vines require little care. Let beautiful flowers and leafy foliage cover bare, unsightly spots. Lasts for years, growing bigger and lovelier each season.

Two-Year No. 1

BITTERSWEET (Celastrus). The orange-crimson fruits are used for winter decoration. Leaves are glossy green. Price: 45¢ each; 3 for \$1.20.

CLEMATIS PANICULATA. Rapid grower, glossy foliage. Flowers are of medium size, fragrant, pure white, borne in immense sheets in September. Price: 40¢ each; 3 for \$1.00.

EUONYMUS RADICANS. Evergreen vine with narrow leaves and pink fruits. For covering rocky banks, rough walls, tree trunks, etc. Price: 75¢ each.

HONEYSUCKLE, HALL'S JAPAN. Flowers mingled white and yellow. Extremely fragrant and satisfactory. Price: 40¢ each; 3 for \$1.00.

IVY, BOSTON (Ampelopsis Veitchii). Fine for covering walls as it clings firmly to the smoothest surface, covering it closely with overlapping foliage. Price: 45¢ each; 3 for \$1.20.

IVY, ENGLISH. Foliage dark glossy green. Evergreen. Clings to stone walls. Price: 45¢ each; 3 for \$1.20.

SILVER LACE VINE (Polygona Auberti). Will rapidly grow 20 feet or more. Forms cloud of lacy, misty white shot with tints of cream and pale rose. Green foliage, lightly bronzed at tips. Price: 50¢ each; 3 for \$1.35.

Hall's Japan Honeysuckle

Maloney's HARDY

Plant this

Price: Postpaid, 25c each; 5 for \$1.15; 10 for \$2.00 (except as noted).

Plants preceded by a * are rock plants, but are large enough to be grown on the margin of a hardy border as well.

***ALYSSUM SAXATILE COMPACTUM**. Broad masses of bright yellow flowers in early spring. 1 ft. at maturity.
***ASTER DIPLOSTIPHOIDES**. Excellent dwarf Aster for the rock garden. Has pale blue flowers early in season. Require full sun. Flowers 2 to 3 inches across at maturity. Price: 35c each; 3 for 90c.

BAPTISIA AUSTRALIS. Dark blue, pea-shaped flowers produced on top of tall spikes in June. Nice for hardy border or wild garden. 2 ft. at maturity. Price: 35c each; 3 for 90c.

BELLIS PERENNIS, SNOWBALL. Double English Daisy. Dwarf, grows about 6 inches at maturity. Mammoth white.

CAMPANULA CALYCANthemA. Pyramidal in growth; profusely covered with large bell-shaped flowers. Pink and blue. 2 ft. at maturity.

CARNATION, DOUBLE. (Hardy.) Lovely flowers on long stems. White, yellow and pink. 1 ft. at maturity.

CHEIRANTHUS, GOLDEN BEDDER. Light yellow flowers on stems about 12 in. high.

CHRYSANTHEMUMS. See Special Collection Offer on back cover. Price (except as noted): 40c each; 3 for \$1.00.

Bonfire. Red flowering variety, growing erect. Producing blooms 1½-2 inches in diameter, each stem having as many as six to eight flowers at one time. Will withstand 20 degrees below zero. Price: 50c each; 3 for \$1.35.

Bronze. Warm amber-bronze with gilded tips. 18 inches.

Jean Treadway. Opens sparkling pink with darker center; later becomes soft lilac-pink turning to white. 18 inches at maturity.

Nellie Kleris. Clear pink, petals incurved. 18 inches at maturity.

Pink Cushion. Numerous bright pink flowers.

Sunny Boy. Large, clear yellow flowers, 1½-2 inches in diameter. Early flowering variety, blooms in late August or early September. 2 feet at maturity. Price: 60c each; 3 for \$1.50.

Yellow Cushion. Pure golden yellow, very brilliant. 1 foot at maturity. Price: 45c each; 3 for \$1.20.

COREOPSIS, NEW DOUBLE SUNBURST. Striking golden yellow flowers which are double and of good size. Cut flowers keep well. 18 inches at maturity.

DELPHINIUM (Larkspur). Price: 25c each; 5 for \$1.15; 10 for \$2.00.

Belladonna. Numerous spikes of light sky-blue. 3 to 4 feet at maturity.

Blackmore and Langdon Hybrids. Enormous flowers in delicate shades of blue produced on solid, tall spikes. A fine English strain unsurpassed for cutting. 3-4 ft. at maturity. Price: 40c each; 3 for \$1.00.

Lamarine. Large, dark indigo-blue flowers. 4 ft. at maturity.

Wrexham. Florets large, in shades of blue, white and pink. 4 to 6 ft. at maturity.

***DIANTHUS BARBATUS, DWARF DOUBLE**. Only grows about 6 inches. Nice for border plant. Mixed shades.

Plumarius. Noted for spicy fragrance and rich coloring. Mixed colors. 8 inches at maturity.

DIGITALIS, SHIRLEY HYBRIDS (Foxglove). Large, bell-shaped blossoms produced on long flower heads over 3 ft. long in colors ranging from white and light pink to deep rose and dark crimson. 5 to 6 ft. at maturity.

GAILLARDIA, GIANT PORTOLA HYBRID. Vivid showy, double fringed flowers. Very bushy and grand for cutting. Orange, yellow and red all summer and fall. 18 inches at maturity.

Aqueilegia

GEUM, LADY STRATHEDEN.

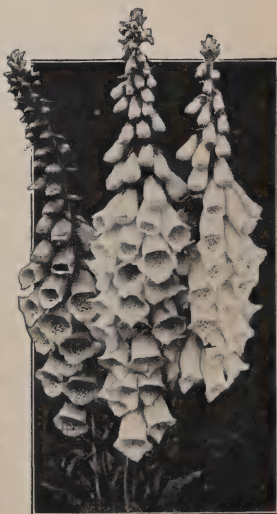

Rich golden yellow. Excellent for cutting. 18 inches at maturity.

Mrs. Bradshaw. Large, double red flowers nearly all summer. 18 inches at maturity.

GYSOPHILA PANICULATA (Baby's Breath). Numerous tiny flowers in light feathery panicles. July-August. 2½ ft. at maturity.

HELIOPSIS PITCHERIANA. Large, deep golden yellow flowers about 2 inches in diameter. Excellent cut flower. July-August. 3 ft. at maturity.

HOLLYHOCK, DOUBLE. Colossal spikes of bloom producing showy effect. Mixed shades. 6 ft. at maturity.

Digitalis-Foxglove

Delphinium

in this Fall

PERENNIALS

LAVANDULA VERA. True Sweet Lavender. Pretty blue flowers of delightful fragrance produced in July and August. 18 inches at maturity.

LINUM PERENNE. Common blue flax bearing attractive flowers from May to August. 2 ft. at maturity.

LUPINE POLYPHYLLUS. Beautiful long spikes of pea-shaped flowers about 1 foot long. Mixed colors attractive for garden or cutting. 3 ft. at maturity.

MYOSOTIS PALUSTRIS. A profuse bloomer ideal for damp places, producing large, rich blue flowers with yellow eye. May-June. 6-8 inches at maturity.

PHLOX. Price: 35c each; 3 for 90c.

Beacon. Brilliant cherry-red. Grows 36 inches high. The flowers are carried on straight, strong stems.

Innocence. Pure white; large, tall.

Rheinlander. Beautiful salmon-pink with claret-red eye. Individual trusses of immense size.

Sunshine. Salmon-rose; fine deep shade.

***POLEMONIUM REPTANS.** Dwarf bushy plant having showy blue flowers. 6 inches high.

POPPY, ORIENTAL. Should be planted in fall. Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals. 3-3½ ft. at maturity. Price: 30c each; 3 for 75c.

***PRIMULA POLYANTHUS.** Beautiful flowers of mixed shades of yellow and brown in early spring. 4 to 6 inches at maturity.

SHASTA DAISY, LACINIATUM. Medium white flowers on 12- to 14-inch stems. Price: 30c each; 3 for 75c.

STATICE LATIFOLIA. Immense heads of purplish blue minute flowers. July-August. 2 ft. at maturity.

TRITOMA PFITZERI. Bright orange-scarlet flowers. 2 to 3 ft. at maturity.

YUCCA FILAMENTOSA. Broad swordlike, evergreen foliage and immense branching spikes of drooping, creamy white flowers, rising to a height of 6 ft. at maturity. Price: 30c each; 3 for 75c.
